## EXPERIENCE

### Full Stack Developer(MERN Stack)

#### CompSoft Technologies - Intern

August 2023 - November 2023, Bangalore

- Utilized React.js to create reusable components, enhancing code maintainability and facilitating the development of dynamic user interfaces.
- Implemented authentication and authorization middleware in Node.js (Express.js) for secure user authentication and access control in web applications..

### Full Stack Developer - Intern

#### Delbo Digital Pvt Ltd(React .js ,JavaScript)

April 2023 - July 2023, Bangalore

- Managed component state effectively using React's useState hook for dynamic and interactive UI elements.
- Handled side effects, data fetching, and component lifecycle events using React's useEffect and usestate hook.

---

## PROJECTS

### Car DealerShip Website

Reactjs, Nodejs ,Express and Mongoose -Context Api

- Developed a full-stack application using with Node serving a REST API with React as the frontend. • Custom Auth verification using sessions • Used Context Api and MVC architecture For state Management. • Integrated payment gateway for online payments

### Weather App

Open Weather API and React Js

- Created an w e b application which displays all parameters of Weather like Humidity,Wind Speed ,etc.

### URL shortener

Node js,Express and MongoDB -Pug.js

- Built a full-stack URL shortener using Node.js, Express.js, MongoDB, and Pug.js, with custom URL aliasing and analytics.
- Deployed on a cloud platform, implementing performance optimizations and security measures for reliability.

### Online Doctor Appointment (Skylabs)

Html Css ,Javascript and Php

- Developed a web application for booking doctors and medicines online.
- This web application uses payment gateways for accepting payments.

---

## EDUCATION

### Bachelor of Engineering

AMC Engineering College • Bangalore • 2024 • 7.9CGPA

---

## INVOLVEMENT

### mb64-connect

npm install mb64-connect

- Developed and published mb64-connect, an npm package for seamless MongoDB connection .
- Enabled straightforward integration with npm install mb64-connect for easy database connectivity.

---

## SKILLS

**Programming Languages** : HTML ,CSS,JavaScript,

**Frameworks** : React js ,Node js,

**Libraries** : Express js,Mongoose,

**Tools** : Github,Firebase,Render,NPM
